

## FRANCESCO PIU

### Bio ENG

Twenty years On The Road, stellar collaborations with Artists such as **Tommy Emmanuel, Eric Bibb, Jack Johnson, Guy Davis** and important concert openings such as those of **John Mayall, Johnny Winter, Jimmie Vaughan, Robert Cray, The Derek Trucks Band, The Fabulous Thunderbirds, Joe Bonamassa, Fantastic Negrito, Albert Lee, Charlie Musselwhite, Larry Carlton** just to name a few, have contributed to the consolidation of his artistic career that to date sees him treading stages between Europe, Canada and the United States and with nine albums to his credit.

After his latest works "**Crossing**" and "**From the living room**", in which he reaffirms his eclecticism in the context of a blues that avowedly looks to the future, he is ready to perform in his various formulas, from the One-Man-Band dimension to the full band with bass, drums, hammond, DJ and percussion.
